

The Eureka Series 1 off-road camper has all the features of the Eureka Series 2 but with a larger, side entry, front box and additional features:

- The front box on the drawbar is a different design for those wanting access from the side to take a fridge and pantry on runners
- Provision to fit a 60L Engel Fridge/Freezer to a sliding tray that runs on heavy duty runners
- A huge 2x drawer slide out pantry next to fridge and slide out kitchen
- Huge amount of space on the driver side of front box to take jerry cans, annexe, etc
- Roof rack on front box to take firewood or annexe
- 2 Tonne axles for the camper to take heavier loads
- Suspension upgraded with Dobinson coil springs and Pedder shock absorbers
- 265/75/16 AT Tyres
- Quick Sun Awning
- This camper is designed to take the heavy-duty flip over gas strutted boat loader at a later stage if needed
- Instantaneous gas hot water system
